

January 26, 2024

Dear UConn Husky family member:

This email includes information about upcoming housing deadlines that may be applicable to your UConn student.

<https://reslife.uconn.edu/living-on-campus/important-dates/#spring>

- The 2024-2025 housing application is available now. Students can apply in their MyHousing account and can review criteria for eligibility in the housing contract, found here: <https://reslife.uconn.edu/living-on-campus/policies/>
- Students are receiving weekly email reminders about this application. If a student plans to live off campus, they do not need to complete this housing application.
- Housing cancellation fees begin in April. If a student is considering cancelling their application or housing assignment, they should review the Important Dates page (link listed above) and cancellation information.
- Students eligible to choose their Fall 2024 housing will be notified in February and will receive more detailed selection information in March. All housing selection processes will occur in April.

If any of this information may be applicable to your student, please review with them, and remind them to check their email regularly. Email notifications from Residential Life typically have a subject line of “UConn Housing:”, for easy recognition.

We can be reached at livingoncampus@uconn.edu for any questions.

Sincerely,

Department of Residential Life
livingoncampus@uconn.edu
